RIDGE ADVENTURE FOUNDATION

ADVENTURE &
NATURE DEFINED

WELCOME TO RAF FAMILY !!

Ridge Adventure Foundation recognizes the different leadership styles and the changing needs across different levels of management, so it does not practice a one fits all model. The course are custom tailored as per the needs of the participating organization. The outbound programs consist of a series of experimental games, outdoor team activities and coordinated group tasks simulated in a natural environment that are instrumental in imparting valuable team building lessons to the participants. Thus there is a perfect blend of physical exertion, team building, coordination, group tasks, lastly loads of fun. Participants come put as confident, self-aware, creative, tolerant and most importantly, as leader.
